CONE-LOCKHART.

An interesting event of Tuesday evening was the marriage of Miss Claudia Cone, eldest daughter of Mr. and Mrs. Henry C. Cone, to Mr. Gelson Lochhart, of Macon.

The wedding ceremony, which was witnessed only by relatives of the couple and a few close friends, was simple but impressive.

The living room, reception room and dining room were charming in their decorations of ferns, pink and white roses and flag lilies. The married in the living room was backed with ferns and pink coral vines, and in front of this was the improvised altar of palms and ferns interspersed with tall vases of pink flag lilies.

Miss Ailine Cone, sister of the bride, was maid of honor and only attendant, and Mr. R. M. Lochhart, of Macon, brother of the groom, was best man. Rev. T. M. Christian, of Dawson, performed the ring ceremony.

Just before the ceremony Miss Fay Lochhart, sister of the groom, sang "Because." She wore a charming gown of grey crepe chiffon over bright blue crepe, with a ruffle of hand-made roses in pastel shades. Her corsage was sweetest roses and valley lilies.

Miss Kathleen McCroan rendered the wedding music, and during the ceremony played "To a Wild Rose." Her costume was of silver, with over-draped with lines blue chiffon. Her corsage was of sweetest roses and valley lilies.

The bride was lovely in her wedding gown of white crepe-linon, made on long straight lines with tiny rows of shirring. The draped skirt was caught at one side with a butterfly of ivory lace. Her veil was caught to her lovely blond hair with clusters of orange blossoms, and fell in soft billows on the floor. She carried a shower bouquet of brides' roses and lilies of the valley.

The maid of honor was gowned in orchid crepe de chine over rose satin, with trimmings of silver. Her flowers were an arm bouquet of shell pink roses and valley lilies tied with peach tulle.

Mrs. Cone, mother of the bride, wore a model of black satin and lace, and her corsage was of sweetest roses.

Mrs. Lochhart, mother of the groom, was dressed in black satin, with touches of cream lace. Her corsage, too, was of sweetest roses.

After the ceremony a reception was given. From the side porch was the punch bowl embedded in coral vines and lilies. Mrs. O. T. Harper, assisted by Miss Helen Cone, Miss W. W. DeLoach, (23junt), and Margaret Cone, served punch.

In the dining room the bride's table had for a cover a handsome cloth of Madeira and the centerpiece was the bride's cake encircled with a vine of pink coral. At intervals on the table were plates of pink mints. The attractive of the living room where the guests were entertained. Players for two tables of bridge were invited to meet Mrs. Henry.

FOR BRIDE-ELECT.
A lovely compliment to Miss Claudia Cone, a popular bride of Tuesday, was the miscellaneous shower given by her aunt, Mrs. Charles E. Cone, Friday afternoon at her home in Andersonville.

Yellow and white garden flowers artistically decorated the dainty gifts, and of yellow held the dainty gifts, and a cord was clipped which showered the bride-to-be. The bride's book was in charge of Miss Annie Smith.

Placed on the porch was the punch bowl on a mound of greenery and yellow carnations. Presiding at the bowl were Misses Ailine Cone, Helen Cone, Josie Helen Mathews and Margaret Cone.

Mrs. Cone was assisted in serving an iced course by Mrs. W. M. Johnson, Mrs. P. H. Preston and Mrs. J. E. Oxendine.

The honoree wore a chic model of orchid crepe.

A pretty affair of Monday afternoon was the trousseau tea given by Miss Claudia Cone, whose marriage Tuesday to Mr. Gelson Lochhart, of Macon, was of wide interest.

Saturday morning Miss Lila Blitch honored Miss Claudia Cone, a bride of Tuesday, with three tables of bridge at her home on North Main street.

A lovely compliment to Miss Claudia Cone, a bride-elect of Tuesday, was the bridge party given by Mrs. Charles Piche at her home on Zetterower avenue Saturday afternoon.

Guests for nine tables of players were invited.

Miss Claudia Cone was the central figure at a pretty morning party Monday given by Miss Georgia Blitch at her home on North Main Street.

Three tables of bridge were played.

MISSIONARY SOCIETY.

The Woman's Missionary society of the Methodist church will have their literary meeting Monday afternoon at the church at 4 o'clock. All members are urged to attend.

WHILE-AWAY CLUB.
Mrs. Gordon J. May was hostess to the members of the While-Away club Saturday morning at her home on Zetterower avenue. Baskets of combs decorated the rooms where the guests were entertained. Six tables were arranged for progressive ruck.

BIRTHDAY PARTY.
Mrs. A. A. Durman gave a lovely party Tuesday afternoon at her home on South Main street in honor of the fourth birthday of her little daughter, Alfred Myrl. The rooms were beautifully decorated with pink and white combs. The table in the dining room was lace covered and had in the center a basket of combs. At one end of the table was the birthday cake richly embossed, holding four burning candles.

Many games were played and each guest was given a tiny crepe bag of novelty candies.

EXPERTS REPORT ON BOLL WEEVIL TESTS

AFTER INVESTIGATION COMMITTEE DECLARES THERE IS NO SECRET ATTRACTION.

Atlanta, Oct. 8.—At the request of President D. C. Hall of the Southern Agricultural Workers' Association, a special committee was appointed to visit various places in the south, observe and report on the authentic tests being carried on in the use of different methods of boll weevil control.

This committee has made preliminary report to President Hall, who also president of Mississippi Agricultural & Mechanical College. The report is released by President Hall for public information.

The committee visited Florida, Georgia, South Carolina, Mississippi, Alabama and Louisiana and observed a large number of tests in which many kinds of methods were employed.

The report recommended early destruction of green cotton stalks. Applying poison before squares form, either by the use of calcium arsenate dust or calcium arsenate incorporated in a molasses mixture, was advised. When cotton begins to bloom and thereafter until the crop is made, the committee reports in favor of the use of calcium arsenate dust applied according to government recommendations.

The committee reported that it found no liquid poison superior to home mixtures and found no mixtures contained anything that had special attractiveness for weevils.

The Southern Agricultural Workers' Association for which the committee is acting consists of experiment station and agricultural college men, agricultural workers engaged in commercial lines and is considered the most influential agricultural organization in the south. The membership of the committee which is investigating the boll weevil control methods consists of the following: W. R. Dodson, director experiment station, Baton Rouge, La.; W. E. Hines, state entomologist, Auburn, Ala.; J. N. Harper, director soil improvement, University of the South, Fort Pierce, Fla.; J. F. Jackson, agriculturalist, Central of Georgia Railway, Savannah, Ga.; and C. P. Black, well, agronomist, Clemson College, S. C.

The proper way to destroy stalks is to plow them up. Cutting stalks or pasturing of stalks will not suffice, as a second growth will sprout near the base of the plant on which the weevils can subsist. Stalks should not be burned as they furnish valuable organic matter when plowed under. It will save the individual farmer to destroy his stalks, even if others in his community do not. However, for best results stalks should be destroyed on a community or county scale.

The early fall destruction of cotton stalks over wide areas will reduce spring infestation to almost nothing, and give farmers the advantage of an early start on the weevil.

This work is very important and should not be neglected by any man who intends to plant cotton another year. Begin your fight on the boll weevil now. Plow up your cotton stalks and plant your fields in winter cover crops.

AD CLUB TO HOLD ANNUAL ELECTION FRIDAY EVENING

The annual election of the Statesboro Advertising Club will be held Friday evening at the meeting to be held at the Jaekel Hotel. This meeting marks the second anniversary of the club, and finds the membership stronger than at any time in the history of the organization.

It is a rule of the club that retiring officers are not eligible to re-election, which insures and entirely new personnel for the coming year except the secretary. A nominating committee has been outstanding since the last meeting, who will make their report Friday evening. No leak has been permitted in the report to be made, but a foregone conclusion that the regular luncheon will be served at 8 o'clock in the Jaekel Hotel dining room.

WOODRUM ANNOUNCES FOR OFFICE OF ORDINARY

W. G. Woodrum's announcement for the office of ordinary of Bulloch county appears in today's issue. Mr. Woodrum is at present engaged in farming at the old home place of his father, the late William Woodrum, four miles north of Statesboro, where he was born and reared. He is a young man of diversified talents, having in the past been engaged in teaching and in the practice of law. He is popular with a wide circle of friends and is an exemplary young man.

INCREASED BUSINESS INDICATES IMPROVEMENT

The improved business conditions in the territory served by the Central of Georgia Railway are indicated by the increase in traffic handled by the road, according to a statement by President W. A. Winburn, published elsewhere. Mr. Winburn points out that the freight traffic for the first seven months of 1923 was greater by 46 1/2 per cent than for the like period of last year, while passenger traffic increased 12 1/2 per cent.

In order to handle this increased business, many additions and improvements have been made by the Central, and the efficiency of its operating, who will make their report Friday evening. No leak has been permitted in the report to be made, but a foregone conclusion that the regular luncheon will be served at 8 o'clock in the Jaekel Hotel dining room.

COTTON ASSOCIATION WINS CASE IN COURT

MEMBERS ARE ENJOINED FROM SELLING THEIR COTTON OUTSIDE THE ASSOCIATION.

Carrollton, Ga., Oct. 4.—Victory for the Georgia Cotton Growers' Cooperative Association resulted last Wednesday in the first suit to determine the quality of the "teeth" in its contract with members, when Judge C. E. Roop, at the regular October term of superior court, directed a verdict in favor of the association in the petition for permanent injunction brought against Duffy Horton because he failed to deliver his cotton to the association according to contract when he became a member.

The second victory followed soon after the first, when the case of the association against C. M. Sprewell was settled upon promise of the defendant to pay 3 cents a pound as liquidation damages on all cotton he had sold other than to the association, all court costs, and promptly to reaffirm his contract by signing another, which stated, in part:

"I hereby expressly reaffirm the due execution of my said agreement and marketing contract, and hereby state that the same was signed by me of my own free will and with a full and complete understanding of its terms. I agree and bind myself faithfully and honestly to comply with every provision therein contained."

The action of the court followed granting of temporary injunction against J. T. Williams, W. J. Sims and W. C. Black, who are alleged to have failed to comply with their contracts in that they sold some of their 1923 crop of cotton outside the association. Further hearings on the petitions of the association to make the injunctions permanent will be held on October 12.

The association was represented by Aaron Shapiro, Bryan & Middlebrooks, of Atlanta, and Boykin & Boykin, of Carrollton.

PRODUCED FOUR BALES ON A SIX-ACRE TRACT

Editor Bulloch Times:
A large number of people over the county have told me they would be glad to know the results of the A. & M. School's six-acre experiment testing the use of poison.

The six-acre plot produced four bales averaging 500 pounds and a small bit over 400 pounds of seed cotton in addition.

The fertilizer used was 400 pounds to the acre of 9-3-2 and a later application of 75 pounds of nitrate of soda to the acre. The cultivation given was that given better-worked average cotton crops.

We used a liquid poison on this cotton once every week and after every large rain even though we had two such rains in a week. We used a total of 2 1/2 barrels of the liquid poison which anyone can make from arsenate, molasses and water. The thing that is very remarkable is that we planted this identical plot in cotton last year and did not use any poison and the entire six acres did it fifty pounds of seed cotton.

Very truly yours,
E. V. HOLLIS.

FACTS DEFLATE PESSIMISM.

E. T. Meredith of Des Moines, former secretary of agriculture, cited following facts from the United States Department of Agriculture: On July 1, 1922, the price of corn per bushel on the farm was 62.2 cents, and on the same date this year it was 86.5 cents per bushel.

The farm price on winter wheat slumped from 93 cents to 87 cents per bushel; oats increased from 37.7 to 42.5 cents per bushel and barley from 52.2 to 55.7 cents per bushel.

These prices were taken as of July 1 each year, and are the farm prices, not the price at marketing centers from which transportation charges have to be deducted.

The department also furnishes statistics on the production in bushels of each crop and its value at the prices given above.

These figures show that the total value of these principal grain crops on July 1, 1922, was \$3,183,682,400, while on July 1 of this year the total market value at the farm of these same grain crops was \$3,683,506,000 or \$499,824,000 more than last year.

It is time to deflate pessimism in this country, political pessimism not sustained by facts. This does not mean that everything is rosy with the farmer.

TAXES AND PUBLIC OWNERSHIP

Property owned by the federal government is not subject to taxation. If public ownership were adopted in this country and the tax-free exemption continued, there would be an enormous loss to public treasuries, quite enough to force a radical revision of public expenditure or a hunt for new sources of income.

During 1921 railroads paid taxes amounting to \$275,128,134. Of this sum \$37,176,773 went to the United States government and the remainder \$237,951,361, went to the state and local governments. Public ownership would mean the loss of all that sum to the public treasuries.

There is an increase in taxation paid by railroads. Statistics indicate the total for 1922 will be about \$304,000,000. On the other hand, in 1916 the taxes amounted to \$162,474,733. In that year the railroads paid taxes of \$631 per mile of track, while in 1921 the taxes per mile had been increased to \$1,223.

These are some of the practical questions involved in any campaign for public ownership of utilities and transportation. They are of interest to the public because the information has a large value to the taxpayers, who will be affected by heavier taxes falling on all property that remains in private ownership.

HIGH CLASS VAUDEVILLE ON AT LUCAS THEATRE

The Lucas Theater, the home of Keith vaudeville in Savannah, has most attractive and entertaining bill for the coming week. Those who go to Savannah from here during the week will find the Lucas one of the prettiest theaters in the state and one of the prettiest in the south.

For the first half of the next week the bookings include Robert Dyer & Co., in a comedy, "Bumpy-Bump" act; Laura Ormsbee & Co., in a high class song and musical offering; Roland and Ray in "The Automat," a comedy offering; Victor Graff, a black faced comedian, and the Springtime Revue, which will be the big act for these three days. There are ten acts in this special act, and they are all clever.

For the last half of the week, the four McKinley sisters, singers and dancers, will be the special feature and Stevens and Brunelle, a musical couple, will furnish their share of the harmony. Mack and Veltner will bring a comedy with special scenery, and Kinner and Beaver, a bull-faced singing pair, will hand out some bright musical and comedy stuff. Golden Visions, a posing act, will be shown with special scenery.

The Lucas is now at the height of its fall season and the bookings are especially good.

STRESS IMPORTANCE OF
WINTER COVER CROPS

A cover crop may be defined as one grown between or among regular crops, or by itself, and seeded for the purpose of protecting the soil or the roots from the action of the weather.

When turned under for the purpose of soil improvement it is spoken of as a green manure crop.

Organic matter is unquestionably the greatest need of our soil, therefore the farmer who is looking for tomorrow as well as farming for today should make every effort to maintain and increase the organic matter in his lands.

There is no better way of doing this than through the use of winter cover crops, for the soil should naturally be covered the year around.

It is only the tilled lands that are left exposed to the winter rains. The growth of a crop during the winter season catches and holds the rain, prevents washing and leaching, and protects the soil during this period.

available food materials and locks them up within its own growing body and when this cover crop is turned under the following spring the decomposition gives back to the soil these materials that would otherwise be washed away and lost.

The small grains, rye and oats principally, should be used much more for winter cover crops than they are being used, and we can get enough grazing from oats or rye to pay for seeding them, besides saving all this fertility. We especially need a cover crop on our cotton lands.

Since the small grains do not add to the fertility of the soil by gathering nitrogen from the air—I think other legumes, as soon as we can get them started, will have a large place and can be grown in with the small grains, too. For our section hairy vetch has a great possibility and is a wonderful land builder. If you cannot sow all your farm, sow a part, and let's make a start toward the cover crop system of farming.

For liberal advances, special attention to weights and grades, quick returns, ship your cotton to Midland & Peterson, Inc., Savannah, Ga. (23aug12c)

W. M. U. RALLY.
The W. M. U. of Bulloch county met with Macedonia Baptist church for a rally September 28th.
The meeting was opened by singing the woman's hymn. The devotion was led by Mrs. M. V. Newton. Prayer by Mrs. Woodward. A very interesting paper on "The Mission of the Local Church" as a Soul Winner, was read by Mrs. C. T. McNamee. A talk was made by Mrs. W. L. Zetterower on "The Physical Equipment of the Church," was thoroughly enjoyed. Mrs. Cobb gave a splendid talk on "The Spiritual Equipment of the Church." Personal service was stressed by Miss Lucy McNamee, who is chairman of the association. A very impressive talk on Stewardship and Tithing was made by Mrs. Carmichael and further stressed by Mrs. Blitch. Sundry remarks on the work were made by Mrs. Woodward and others. Prayer for the association by Mrs. Blitch.

"Blest Be the Tie" was sung and we were dismissed by Mrs. Newton.
MRS. E. A. SMITH,
Secretary Pro Tem.

LANIER—BRANTLEY.

A wedding of interest to a large circle of friends was that of Miss Lennie Louise Lanier, of Metter, to Mr. John Henry Brantley, of Statesboro, which occurred on Sunday morning.

The ring ceremony was performed by the Elder J. Walter Hendrix, of Atlanta, in the presence of only close relatives and a few friends of the couple. The bride wore a full fall of hiege porlet with accessories to match. Her coronet was brides roses and valley lilies.

After an automobile trip to Macon and other Georgian points, Mr. and Mrs. Brantley will be at home with the Misses Patterson, at 129 East Main street.

FOR BRIDES ELECT.
A lovely compliment to Miss Sybil Williams and Miss Evelyn Wood, two popular brides elect, was the miscellaneous shower given by Mrs. Bruce Oliff and Miss Louise Fay at their home on Savannah avenue Friday afternoon. Autumn foliage and bright combs decorated the spacious rooms where the guests were entertained. Twelve tables were arranged for bridge. After the games the many dainty gifts were presented to the honorees.

COMPLIMENT TO MISS LUDLUM.
A pleasing social function was the compliment to Miss Ludlum, by the Blue Ray Chapter O. E. S. at the chapter hall Tuesday evening in compliment to Miss Vernon Ludlum, who leaves during the week for Largo, Fla., where she will make her home. The function followed the regular meeting of the chapter, at which were present a large number of members. Delightful music was rendered and light refreshments were served. At the close of the occasion a spokesman for the chapter presented to Miss Ludlum a kodak and album, an expression of the high esteem in which she is held by the members.

At her new Florida home Miss Ludlum will be employed in office work by one of the large orange packing houses. She has been connected with the local telephone company here for years, and has demonstrated great tact and skill in dealing with the intricacies of the work.

MUSIC CLUB MEETS.
The Statesboro Music Club held its regular monthly meeting Friday evening at the home of Mrs. W. H. Aldred, with Mrs. Aldred, Miss Irene Arden and Miss Julia Carmichael as hostesses. FORDS BE SUPREME AT SAVANNAH FAIR
AGENTS OFFER \$100 IN GOLD FOR "LIZZIES" OF ALL DESCRIPTIONS.
Fat Fords and lean Fords, young Fords and old Fords, rich Fords and poor Fords, fast Fords and slow Fords—and forlorn Fords—in fact "lizzies" of all descriptions will wear the diadem of popular approval at the Tri-State Exposition grounds on the opening day of the fourth season, Ford day, October 27th. This will be a day when every man, woman and child who attends the fair in a "John Henry" will automatically enter a contest which will create the wildest excitement and amusement for the greater part of the day. It will be an auspicious occasion for the formal opening of the fair at Savannah this year.

EVERYTHING READY FOR BIG COUNTY FAIR
OLD PEOPLE ARE URGED TO ATTEND THURSDAY—FRIDAY TO BE FOR THE CHILDREN.
Come Tuesday and all the week. We are going to have a big crowd and a big time all the time, with the biggest attractions that ever came to Statesboro. Just lots and lots of things to see and entertain.

PEOPLE MAY DECIDE FOR LATE PRIMARY
SOME AGITATION LOOKING TO FIXING THE DATE THE SAME AS STATE PRIMARY.
There has recently sprung up some little agitation in favor of dispensing with the customary expense of an early primary for county officers and fixing the date the same as the state primary to be held in September.

WAGE CAMPAIGN TO WHIP BOLL WEEVIL
MOVEMENT AGITATED LOOKING TO EARLY DESTRUCTION OF COTTON STALKS.
A vigorous campaign to combat the boll weevil has been waged in Bulloch county during the week, led by County Agent W. D. Hillis, assisted by members of the Statesboro Advertising Club and other interested business men.

SUPERIOR COURT WILL CONVENE NEXT WEEK
CHANCE CASE TO AGAIN COME BEFORE A BULLOCH COUNTY JURY FOR TRIAL.
Bulloch superior court will convene in October term next Monday. There is a strong probability that the session will continue throughout the week and possibly into the week following.

PEOPLE MAY DECIDE FOR LATE PRIMARY
SOME AGITATION LOOKING TO FIXING THE DATE THE SAME AS STATE PRIMARY.
There has recently sprung up some little agitation in favor of dispensing with the customary expense of an early primary for county officers and fixing the date the same as the state primary to be held in September.

WAGE CAMPAIGN TO WHIP BOLL WEEVIL
MOVEMENT AGITATED LOOKING TO EARLY DESTRUCTION OF COTTON STALKS.
A vigorous campaign to combat the boll weevil has been waged in Bulloch county during the week, led by County Agent W. D. Hillis, assisted by members of the Statesboro Advertising Club and other interested business men.

SUPERIOR COURT WILL CONVENE NEXT WEEK
CHANCE CASE TO AGAIN COME BEFORE A BULLOCH COUNTY JURY FOR TRIAL.
Bulloch superior court will convene in October term next Monday. There is a strong probability that the session will continue throughout the week and possibly into the week following.

AGENTS OFFER \$100 IN GOLD FOR "LIZZIES" OF ALL DESCRIPTIONS.
Fat Fords and lean Fords, young Fords and old Fords, rich Fords and poor Fords, fast Fords and slow Fords—and forlorn Fords—in fact "lizzies" of all descriptions will wear the diadem of popular approval at the Tri-State Exposition grounds on the opening day of the fourth season, Ford day, October 27th. This will be a day when every man, woman and child who attends the fair in a "John Henry" will automatically enter a contest which will create the wildest excitement and amusement for the greater part of the day. It will be an auspicious occasion for the formal opening of the fair at Savannah this year.

EVERYTHING READY FOR BIG COUNTY FAIR
OLD PEOPLE ARE URGED TO ATTEND THURSDAY—FRIDAY TO BE FOR THE CHILDREN.
Come Tuesday and all the week. We are going to have a big crowd and a big time all the time, with the biggest attractions that ever came to Statesboro. Just lots and lots of things to see and entertain.
